

The President's Family—Union
Feeling in Georgia—Fugitive
Slave Law—The Presidency—Gos-
port Navy Yard—Rumors, &c.
Correspondence of the Baltimore Clipper.

WASHINGTON, Oct. 28, 1850.

Mrs. Fillmore, daughter and son,
arrived in town Saturday night, from
their home, in company with Gen.
Wool, who joined them at Albany.
She brought on with her a fine span
of black horses for the State car-
riage.

There is no truth in the report
that John C. Clark, Solicitor of the
Treasury, has been offered the half
million of Ecuador and Bolivia,—
at least such was not the case to-day
at noon.

Auditor Clayton has letters from
Georgia, assuring him that the Union
party will sweep the State at the
coming election for delegates to the
Convention. Mr. Stevens—little
Alexander H.—writes, I learn, that
the feeling is universal, that no more
aggression upon slavery will be al-
lowed by Georgia, that Union and
Disunion men agree, that if the Fu-
gitive Slave Law should be repealed,
or slavery be abolished in the dis-
trict of Columbia, or the Wilmot Pro-
viso be put upon Utah or New Mex-
ico, no power on earth can prevent
Georgia from bolting out of the Union;
from, in other words, revolution-
izing the present federal government.

The Union men may well agree with
the Disunionists, to do this evil thing,
in the happening of either of the
above contingencies, for neither will
ever take place.

A gentleman, who had recently
been travelling in North Ohio, and
West New York, has arrived in town,
and brings the gratifying intelligence,
that the mass of the people are de-
termined to uphold the fugitive slave
law, and that the recent excitement
is more the work of the newspapers
than of the people.

Notwithstanding Frank Granger's
predictions of whig success in
New York, I learn, that the face of
things has greatly changed in the
last few days, that there is now a
strong probability of the entire Demo-
cratic ticket. The New York elec-
tion is big with the fate of the
two great parties.

I hear, that Cunningham, of the
Portsmouth, Va., Pilot, who has re-
cently been in New York, returns
home, satisfied of the success of the
Democratic party in 1852, and that
he proposes to hoist the flag of Hous-
ton and Dickinson, in the course of
a few days. Such a ticket will be
hard to beat. If the Whigs propose
to defeat it, they will be obliged to
do what they have not yet done,
cultivate harmony, give the offices
to the working Whigs, throughout
the country, find two of the strong-
est candidates in the Union, and
acquire Cuba and Canada right off.

Father Whitley has left us on a
flying visit to Ohio. Mr. Webster
will not be at his post till the 10th
or 15th of next month. Mr. Ste-
wart is daily expected to return.—
Mr. Crittenden will not be back
probably, before the middle of next
month.

The Secretary of the Treasury
has selected one of the ablest lawyers
and most thorough business men,
from Ohio, for the Assistant Secre-
taryship of his Department. I am
not at liberty to give his name at
this writing. It is proper that this
officer should have the entire confi-
dence of the Secretary, before he
can relieve the Secretary of his la-
bors, according to the intent of the
law creating the office.

Some of the President-makers not
content with the standing candidates,
are on the lookout for new material.
Gen. Jessup and Gov. McDowell are
spoken of by these searchers after
novelty. Two more able men could
not be found. Jessup is a man for
the times. Let Robert J. Walker be
asked, to whom Mr. Polk was most
indebted for his success in conduc-
ting the Mexican war, and he will
reply Gen. Jessup. As to McDow-
ell, I regard him as one of the first
statesmen in the U. States.

The Scott men are looking about
for Vice President. Long Jimmy
Jones, of Tenn., seems just now to
be the prominent candidate. Scott
and Jones, Houston and Dickinson
—neck and neck—would those nags
come out at the judges' stand! There
are others of Scott's friends who
want John Bell for Vice, and others
again who want Judge Sharkey.—
For my part, if I had the choosing,
I would take the most rampant Dis-
union Whig that could be found for
Vice, on Scott's ticket. Just now
I would prefer John S. Preston, of
South Carolina.

I should not be surprised if Mr.
Gungle, the anti-Benton man, who
is now enjoying an office in the
Treasury, at four dollars a day, will
get his walking papers by the first of
next month. Mr. G. will surely not
complain, after enjoying two years
of Whig clemency.

ARRIVAL OF THE WASH-
INGTON.
Two Days Later from Europe.
NEW YORK, Nov. 4.

The steamer Washington arrived
last evening with 165 passengers and
a heavy cargo, including 158 tons
from Bremen. The advices from
London are to the 20th ult., being
two days later than those by the
Canada.

The news from England is of little
importance. The markets appear
to have undergone no change.—
Flour and Wheat were dull.

The overland mail arrived from
India on the 18th, but the general
news was anticipated by telegraph.

In Paris the Legationists party are
still unfavorable to the prolongation
of the President's power.

Spain.—Accounts from Madrid
state that the Cabinet was making
great efforts to get over the 1st of
November, the period for opening
the Courts.

Twelve hundred troops sailed
from Cadiz for Havana, and Gen.
Concha, with a fresh detachment was
to sail on the 15th.

GERMANY.—The improvement
noticed in the affairs of Hesse Cassel
had been evidently arrested by the
management of the new Ministers,
and the State was still in a disor-
ganized condition. A new Ministry
had been constituted in Hanover.

From Washington.
BALTIMORE, Nov. 3.

A letter from Washington says
President Fillmore has directed the
Secretaries of War and the Navy to
issue immediate orders to the proper
officers in command of land and sea
forces, in New England, to be in
readiness, with the men at their
command, to aid the U. S. Marshal
for the district of Massachusetts, in
carrying into execution the fugitive
slave law, should the Marshal find it
necessary to call for assistance. Or-
ders to this effect have been trans-
mitted to the authorities in Boston.

New Orleans, Nov. 4, P. M.
Mr. Place, the manager of the
American Theatre, died yesterday.
The Gladiator has just arrived from
Cincinnati.

The leading Democrats have pub-
lished an address, censuring the
course of Senator Soule, while in
Congress.

The steamer Tribune, from Cin-
cinnati, for this port, was burned
ninety miles above this city on Sat-
urday. The greater part of her car-
go is a total loss.

Pittsburgh, Nov. 5th, P. M.
River 5 feet two inches and fall-
ing. Weather pleasant. During the
late rise 150 boats and flats arrived
down the Allegheny with boards,
planks, shingles and lathes. No price
has yet been fixed for either.

New York, Nov. 5th, P. M.
It is positively stated that Kos-
uth and other Hungarian exiles at
Kentaya, having received permission
to return from the Ottoman Empire,
will at once embark for the United
States, with a view to a permanent
settlement. A number of them who
had heretofore adopted the Mus-
sulan religion, are thus enabled to re-
turn to Christianity. Gen. Bem is
said to be foremost on the list.

THE PORTER CASH STORE.
IS now receiving from Philadelphia
and Pittsburgh, a full supply of
GOODS suitable for the present and approach-
ing season. To those who have been in the
habit of making their purchases here the above
announcement will be sufficient: to the pub-
lic in general, a more extended notice may
be necessary. The business of this store is con-
ducted on the CASH SYSTEM, and thus the
delay, risk, expense, and loss incurred in the
credit system being avoided, Goods are sold
lower than any credit store can sell them.
A list of prices will be furnished to any person
wishing it, who will call at the store, and
goods will be freely shown to all, whether wish-
ing to purchase or not. A comparison with
the prices of any retail store in the world may
safely be challenged. Let those who doubt
this, call and examine for themselves; they
will be astonished at the difference in value
between this and other stores.

Wheat, Corn, Oats, Flaxseed, Ginseng, Rice,
Feathers, Dried Peaches, Eggs, and other im-
proved articles of country produce will be re-
ceived as cash in payment for Goods; but it
is hoped that no person will ask for credit, as
none can be given. An inflexible adherence
to this rule, is the best guarantee for the con-
tinuance of low prices. No article will be
sold below cost, as a bait, and no delusion
will be made from the price asked. All Goods
sold at this store will be warranted to give satis-
faction, or they will be returned, and the
money will be refunded.

parilla.

ARE YOU A MOTHER?

Sarsaparilla.—It will certainly cure you.

FACTS! FACTS! FACTS!!
That can be substantiated by thousands of
living witnesses in this city and country, viz:
that the

SHAKER SARSAPARILLA,
As prepared by Dr. S. D. Howe, has been the
means of permanently curing more diseases
to which the human family are continually
subject, than any other preparation of Sarsa-
parilla ever yet brought before the public.

The purity and efficacy of the Shaker prepa-
ration is well known, and requires no long list
of certificates and cures to introduce it; its
increased demand for the past twelve years, is
its best recommendation.

This medicine has established its high re-
putation throughout New York and New Hamp-
shire, and the Eastern States generally, by its
numerous cures, and also by the recom-
mendation and approval of the first
physicians, who now use it in their private
practice.

It is the only Sarsaparilla that acts on the
Liver, Kidneys, and Blood at the same time,
which renders it altogether more valuable to
every one, particularly Females.

Dr. Mussey, Professor in the Ohio Medical
College, says the Shaker preparations are truly
valuable, and recommends them to the public.
No Nervous—No Mineral—No Poisonous
Drugs in the Shaker Sarsaparilla.

REMEMBER,
It is warranted to be purely and
ENTIRELY VEGETABLE,
And as a Female and Family Medicine it has
no equal.

FOR YOUNG LADIES.
THE present and sixth term of this
School will expire on the last Mon-
day in November, at which time the
winter session will commence.

Mrs. JOPLING, grateful for the very
liberal patronage heretofore received,
hopes, by her continued endeavors to

patronage, and the confidence and sup-
port of her former patrons. Prices the
same as heretofore, viz: \$2 00 for the
Elementary classes, and \$3 00 for the

Mrs. J. would take this method of in-

language, and the Fancy and Ornamen-

Wistar's Balsam of Wild Cherry.
The Great Remedy for Consumption of the
Lungs, Affections of the Liver, Asthma, Bron-
chitis, Pain or Weakness of the Breast or
Lungs, and other affections of the Pulmonary
Organ.

WISTAR'S BALSAM OF WILD
CHERRY is a fine herbal medicine, composed
chiefly of Wild Cherry Bark, and the genuine
Iceland Moss, (the latter imported expressly
for this purpose,) the rare medicinal virtues
of which are combined by new chemical pro-
cesses, with the extract of the most tendering
of the whole compound the most certain and
efficacious remedy ever discovered for

Consumption of the Lungs.
Interesting Correspondence.—Dr. Wm. V.
Banks, of Xenia, Ohio, a highly respectable
Druggist in that delightful place has informed
us that the sale of Wistar's Balsam of Wild
Cherry is unparalleled. The demand for it is
so great, that he can scarcely keep himself
supplied with it. He has had in his store
medicines for lung affections. Some of these
were esteemed good, and some gave tempo-
rary relief. But since he has had Wistar's Bal-
sam of Wild Cherry, a number of the most se-
rious cases were completely cured by its use.

"I never sold a medicine," says the Doctor,
"in which I had that entire confidence that
I have in this."

It cures! Whenever Wistar's Balsam of
Wild Cherry is introduced, it at once attains
that high reputation which it so richly de-
serves. What can prevent its sale, when every
hand can be witnessed its wonderful
cures! The worst cases of Asthma, recent
and dangerous coughs, and also those that are
of longstanding, Bronchitis or Consumption,
(in its early stages,) are always cured by this
remarkable medicine.

HEREDITARY CONSUMPTION!
Cured by Wistar's Balsam of Wild Cherry.
The following cure of Jeremiah Leggett, of
Consumption, (five of his brothers and sisters
having died of Consumption,) is truly wonder-
ful. Ought not this to urge the afflicted to
make use of this health-giving remedy, when it is
afflicting cures like the following:

PLEASANT RIDGE, Hamilton Co., O.
September 27, 1850.

J. D. PARK—Dear Sir: I take the liberty
of advising you of the benefit that I have de-
rived from the use of "Dr. Wistar's Balsam of
Wild Cherry." I was prostrated by that ter-
rible scourge Consumption in my late life. The
attack was sudden, and I was, for some time,
out of my family. (My brothers and sisters) had
died of Consumption. I was afflicted with nearly
all of the worst features of the disease. I had
a distressing cough, and expectorated a great
deal of blood, hectic fever, nervous pain in the
side and chest, cold chills, alternating with
flushes of heat and copious night sweats.

I was under the care of a skilled physician,
from the time I was taken sick until about six
weeks since, being then about helpless, and
unable to move, my case hopeless, or at
least beyond the reach of our physician's skill,
I was advised to use "Wistar's Balsam of
Wild Cherry." Without my knowledge my father
procured it, and commenced administering it
to me, and from the first day I commenced
taking it, my health improved, and in ten
weeks from the time I commenced using it, I
was able to be out and oversee my business,
and labor, which I still continue to do. I have
taken four bottles of the medicine, and now
enjoy myself perfectly well. I make this
statement to induce others that are afflicted
as I have been, to make trial of "Wistar's Bal-
sam of Wild Cherry," which remedy has, un-
der the blessing of Providence, cured my
health.

Still further evidence of the remarkable
cure of this inestimable preparation:
ROSELVILLE, Brown co., O.
Aug. 21, 1849.

Messrs. Sanford & Park—Gentlemen:—
About six weeks ago I received the agency of
Wistar's Balsam of Wild Cherry, but by
some reluctance on my part, for the reason
that I had been the agent of many pills and
other remedies, which were cranked up to be
something wonderful, but which turned out
in the end to be of no account whatever, ex-
cept to the manufacturer. But I readily ac-
cepted of the agency of Wistar's Balsam of
Wild Cherry, and I have since received, from
the extraordinary cures effected by Wistar's
Balsam, have convinced me that good can come
out of Nazareth. Your agent left me one
dozen bottles, which are all gone—having
been the means of curing several obstinate cases
of Consumption, and no mistake; for what I
see and know, I am bound to believe. One case
in particular, a young gentleman in Winches-
ter, Adams co., 10 years of age, who had been
suffering from Consumption, and who had been
given up, or could do nothing for him, and it
was the intention of his friends to bury him,
he came to my City and place him under the
care of some eminent physician there. But a
friend told him of Wistar's Balsam, and that
he could obtain it of me. He sent for it, and
before the second bottle was used, he was
able to walk and attend to his every day
business. As there are several inquiries
for the medicine, it would be well to forward
an additional supply without delay.

Very respectfully yours,
LAMBERT NEWLAND.

The above from J. Newland, Esq., a highly
respectable country gentleman, is communi-
cated to me for the kind attention of all
those who have doubted the great merit of
Wistar's Balsam of Wild Cherry.

Remember the original and only genuine
Wistar's Balsam of Wild Cherry was intro-
duced in the year 1833, and it has been well
tested in all complaints for which it is recom-
mended. For 17 years it has proved more ef-
ficacious as a remedy for Coughs, Colds, Influen-
za, Bronchitis, Asthma, Consumption, &c.,
than any other medicine.

Dr. Guyton's Improved Extract of Yellow
Dock and Sarsaparilla.
THE PURSUIT OF THE VITALITY—Dis-
ease arising from disordered action of the vi-
tal system—that is, of the organs employed in
screening and preparing the fluids which sus-
tain life—cannot be removed by medicines
which act in the system by the locality where
the disease manifests itself. The manifesta-
tion is merely the effect of a derangement of
the functions of those organs, which prepare,
secrete, and assimilate the elements of the
blood. If these elements be impure, or are
not mixed in due proportions, the blood will be
in an unnatural state; and if so, the whole
system through which it circulates must be in-
juredly affected. The grand desideratum
then, is a preparation which will set direct-
ly, powerfully, and safely, upon the source of
the animal machinery which prepares, for the
food taken into the stomach, that fluid which
afterwards becomes venous blood. This fluid
is called Chyle. In order to have pure blood,
it is necessary to have pure Chyle; and to have
the machinery which prepares and acts upon
this chyle—in other words, upon the digestive
apparatus, the intestines, and the liver that
the medicine should act.

It is this, therefore, by the experience of
many years, that Dr. Guyton's Extract of Yellow
Dock and Sarsaparilla operates in this way;
and by removing at the place of its origin,
the cause of disease, it effects a radical
cure. Other Sarsaparillas may alleviate, but
Dr. Guyton's Extract of Yellow Dock and
Sarsaparilla, eradicates all of the diseases of
the system by furnishing proper chyle by which
to form the blood.
